FORESTEEN THEATRE EUROPEAN ENGAGEMENT NETWORK

"***ForesTEEN. Building a resilient European TEEN cultural ecosystem***" is a project of European cooperation dedicated to **researching and innovating audience development models for teenagers and young adults,** meant as people between the ages of 15 and 25. The project has been running since November 5th, 2023, and will end on November 14th, 2027, with the aim of **exploring new strategies and approaches to engage this specific age group** and related adults by stimulating trans generational dialogue

FORES TEEN THEATRE EUROPEAN ENGAGEMENT NETWORK

After the experience of two European cooperation projects — T.E.E.N. Theatre European Engagement Network (2016-2018) and TEEN Ambassadors across Europe (second step concluded in 2020) —
Segni d'Infanzia Associazione ETS has obtained **co-funding for the large-scale project** "ForesTEEN. Building a resilient European TEEN cultural ecosystem", **supported by Creative Europe**, a European Union program aimed at promoting the growth and sustainability of the cultural and creative sectors.

FORESTEEN THEATRE EUROPEAN ENGAGEMENT NETWORK

The ForesTEEN project is the third follow-up on the active involvement of teenagers and young adults in cultural and theatrical experiences through the **creation of a community at national and European levels, bridging live and digital experiences.**
The process is based on the **creation of transgenerational dialogue** spaces to **bring about a shift in the cultural offer for new generations**, with a particular focus on teenagers.

It draws inspiration from the **metaphor of the forest**, from which the name ForesTEEN originates, to develop a **vision of adolescence not as an isolated condition but as interconnected with its cultural ecosystem**. The project shifts the focus from the target to the ecosystem.
